REAL ESTATE ACTIVE

Many Unrecorded Deals Have Been Completed.

SALE BY CRAIGHILL ESTATE

William J. Heller Purchases Business Properties on Fourteenth Street for \$22,500—New Firm of Boss & Phelps Is Incorporated by Several Young and Enterprising Dealers.

Real estate brokers, while generally complaining that the market is quiet, stated yesterday that there were evidences of enlivenment. It appears that several good deals were pulled off during the week, which will be ready for announcement as soon as the papers go to record.

The renting season has begun in earnest, and the activities of most of the offices is now directed to finding suitable homes for those who will live in rented houses during the fall and winter.

Dwight Anderson yesterday announced the purchase from the Craighill estate by William J. Heller of the business properties at 1809 to 1815 Fourteenth street northwest, the price paid being \$22,500. The properties in question are four brick stores, and the entire lot has a frontage of 62.5 feet on Fourteenth street by a depth of 130 feet.

Will Remodel Buildings.

It is the intention of the purchaser to remodel the buildings and add new fronts. Hunter & Bell have been commissioned to prepare plans for the rebuilding.

Boss & Phelps, two young real estate men of the city, have formed an incorporated company, and have opened real estate offices at 904 Fourteenth street northwest. The present location is temporary, the new company intending about a fortnight hence to locate permanently at 910 Fourteenth street, opposite Franklin Park.

Harry K. Boss, president of the new company, was recently secretary of the Moore & Hill Company, and H. Glenn Phelps was until a few days ago settlement of sales and title clerk for the Moore & Hill Company.

To Conduct General Business.

The new company will engage in a general real estate business, and beside the two heads of the company, Ben Temple Webster, Bert Saxton, Herbert G. Hopkins, and Richard L. Boss are associated with them.

Several amusement-resort promoters were in the city last week looking over the ground at Annapolis Island with a view to the possible converting of it into an amusement park. Edwin H. Pillsbury, who has been connected with the promotion of the enterprise, has prepared a prospectus of the various features which will be applicable to the locality, and it is understood that considerable progress has been made toward the realization of the plans, which have been under advisement for several months pending the action of the courts in ratifying the sale of the island to the parties interested.

WILL BE OPEN LABOR DAY.

S. Kann, Sons & Co. Will Accommodate Patrons Until One o'Clock.

S. Kann, Sons & Co. will keep their store open until 1 p. m. to-morrow to allow any who have special holiday or other needs to supply the opportunity to do so, and have arranged some unusually good specials from nearly every department of the house as attractions.

Attention will principally center, doubtless, upon the sale of sample suits in the new modes that are to be popular during the late fall and winter. Suits that are manufacturers' samples and merely displayed in showrooms long enough to take orders from high-grade retail houses.

Some of the other items deserving special remark are those of fine Brussels rugs, eight by ten feet or over, and offered at about a third under real worth.

Another special that will draw many eager purchasers to this firm's store to-morrow is that of women's tailored skirts in the new fall styles, offered also at a third under the price at which they are usually sold.

In yard goods, black taffeta, this firm's famous guaranteed "green edge" taffeta, sold at a considerable saving on every yard, is the leading attraction.

E. D. Stair in the City.

Mr. E. D. Stair, owner of the Detroit Free Press, president of the Lafayette Amusement Company, and a large stockholder and director in the New Academy, was in town yesterday. He complimented Mr. F. B. Weston, manager of the Academy, and Manager Lyons, of the Academy, on the up-to-date progress and bright outlook for both playhouses. Mr. Stair left last night for Cleveland.

Funeral of Admiral Winsor.

The body of Rear Admiral W. A. Winsor, U. S. N., will arrive here this afternoon at 3 o'clock, from New York, where his death occurred Friday morning. The body will be interred in Arlington Cemetery and the following officers will act as honorary pallbearers: Rear Admiral Manney, U. S. N., retired; Rear Admiral Asa Walker, U. S. N.; Commodore William U. S. N., retired; Capt. Parks, U. S. N., and Commanders Smith and White.

Open-air Service To-day.

An open-air service, under the auspices of the Young Men's Christian Association, will be held under the trees of Franklin Park at 4:30 o'clock this afternoon. Rev. George Bailey, of the Western Presbyterian Church, will conduct the service, and will deliver the principal address. Vocal selections are to be given by Walter Humphrey. Every one is invited to attend.

AMERICANS REPORTED SAFE.

Minister Gummere Cables They Have Reached Tangier.

Minister Gummere, the American diplomatic representative at Tangier, yesterday cabled the State Department that all the Americans in Morocco are safe. The foreign colony, which had gathered at Fez, has arrived safely at Tangier, but two American missionaries, Mr. Gummere says, refused to join the party of foreigners, and were left in the town of Safra.

On the journey from Fez, down the coast to Tangier, Mr. Gummere said that everything was found to be quiet, although the route was through a section of Morocco which is at present in control of the savage tribes which are at war with the French authorities.

MAY DISMISS FOUR MIDDIES.

Supt. Badger Wants to Cashier Them for Misconduct.

Special to The Washington Herald.

Annapolis, Md., Aug. 31.—Superintendent Badger, of the Naval Academy, has recommended the dismissal of four midshipmen for misconduct.

At the Academy this morning it was said that nothing would be given out concerning the young men or the charges against them until the recommendation of the superintendent had been acted upon by the President, to whom the papers had been forwarded through the Navy Department.

It is expected that the recommendation of the superintendent, which is largely a formality, will be approved by President Roosevelt. Two of the youths whose offenses are said to have been severe breaches of discipline, are understood to be under arrest, and confined to their rooms, except at meal times. The charge against one is said to be that of "jumping ship," or overstaying leave ashore while on the summer cruise.

The authorities stated that the charges against the four youths were not in any way connected with hazing.
